Career Opportunities

The Digital Media Advanced Production program prepares students for entry and mid-level jobs within the Digital Media Production sector. Regionally, this industry is expecting a job growth of 28% over the coming years. Entry-level Digital Media Production artists can begin a career in the fields of film (TV, Web and Film), imaging (editorial, commercial, artistic, retail, comic) and video. Students completing this certificate will be able to demonstrate the production of digital media projects using creative and technical skills.

Program Mission and Outcomes

The Digital Media Advanced Production program is an interdisciplinary program that builds on the fundamentals of Digital Media Arts certificate and is designed to prepare students for entry and mid-level employment in Digital Media Production.

Outcomes:

1. Demonstrate an understanding of concept, design and creation of interactive media projects.
2. Engage creativity and original thinking in the production of an interactive media project.

Legend

† This course has a prerequisite. Prerequisite courses must be complete with at least a “C” or “P” grade.
