

# MINNESOTA STATE UNIVERSITY FIRE SCIENCE

Plan Code: 2805

Students are educated and trained in the technical fields relating to fire and safety practices. This program also provides partial lower division preparation for the baccalaureate degree in this field. This Associate Degree is designed to prepare students for entry into a fire and safety field for career advancement or for further study in a related field.

## Program Objectives

- Demonstrate the ability to attain the Institutional Student Learning Outcomes (ISLOs).
- Explore the history, development, structure, and functions of the American fire service.
- Analyze, interpret, and evaluate prevention/protection/fire-fighting techniques, policies, practices, and procedures to develop strategies to prevent fire.

## Program

This degree requires the completion of General Education coursework plus the following:
