

5. **General Education and Proficiency Requirements:** Complete the required A.A./A.S. General Education and Proficiency requirements*, otherwise known as "Plan A". For Plan A requirements, refer to the general catalog or view it online at <http://osca.lbcc.edu> .
6. Complete and submit the degree application form to the Admissions and Records office during your final semester of course work. These forms are available in the Admissions and Records office, or online at <http://admissions.lbcc.edu/> . Refer to the Schedule of Classes (<http://schedule.lbcc.edu>) and click the "Important Dates" link to view the actual deadline for each semester.

*The requirements for general education/proficiency and the field of concentration (major) need to be from the same catalog year. This catalog year may be any year between the years of initial enrollment to the present, provided continuous enrollment is maintained throughout. See the catalog for definition of "continuous enrollment".

Program of study leading to:
Certificate of Achievement

REQUIRED COURSES—Complete the required courses for the specific program as listed in the Associate Degree requirements box on the first page.

Outcomes (Certificate of Accomplishment – Alcohol and Chemical Dependency):

Demonstrate knowledge of history of abuse of alcohol and other mood altering substance and examine how people develop the ability to abuse and become addicted to drugs as well as other behavior, apply the psychological, social and physical contributions to addiction, understand the applications of treatment and intervention for drug use disorder, understand the cultural factors in drug use and chemical dependency, learn to examine drug related disorders and social factors with a scientific and data and empirical evidence based theoretical approaches. This program will assist students in preparation for the California Association of Alcohol/Drug Educators (CAADE) and/or California Association of Alcohol and Drug Abuse Counselors (CAADAC) certification tests.

Program Student Learning Outcomes:

Students demonstrate ability to identify symptoms of co-occurring disorders, develop appropriate treatment planning and caseload management, engage in relapse prevention and symptoms management.
